Reach for the sky - Idioms by The Free Dictionary

In 1974 Philippe Petit, a young street performer and tightrope walker from France, visited New York and did something unthinkable - he strung a wire between the newly built twin towers of the World Trade Center and walked across the chasm, 1350 feet above the ground. To Reach the Clouds is Petit's own account of the event. He describes the nerve-wracking preparations - nearly six years in the making and all done in secret - and the endless complications, the thoughts that motivated him, and ...
